Missions Technology *Ministry Description*

Serving in the area of missions one of the most rewarding and impactful ministries at CCC. You are able to be used as a conduit through which God can pour out his blessing and provision into the nations of the world. You will actually experience God fulfilling the powerful promise he gave to Abraham (and EVERY believer) in Genesis 12:36 when He said… *"all the peoples of the Earth will be blessed through you!"* You become a "dispenser" of God's blessing to the Nations!

By serving on a Missions Team, you will serve with over 120 others on seven teams who function collectively as **stewards** of CCC's hundreds of thousands of missions dollars given faithfully by our congregation and will be the congregation's **hand extended** to our missionary family, now numbering over 170 serving in many countries of the world. Finally, you will help **guide the future of missions** at CCC, to insure we stay on the cutting edge as we participate in what God is doing in our city and around the world! You will make an impact upon our world AND upon the Kingdom of God that only eternity will define!

The missions technology ministry is a developing area. I believe missions ministry needs to be cutting edge and relevant to today's generation Intercessory. Social media is an extremely popular environment and if missions is going to continue to be relevant to emerging generations, we must work to creatively and effectively utilize today's most relevant tools for the work of missions around the world and within our own church body.

Meetings

1. Attend the monthly **Global Prayer Meeting** *(Held the same Monday as the Regional Team meeting and precedes it)*
2. Meet monthly with your **Regional Team** *(After Global Prayer Mtg. on Mon. night following Missions Window)*
3. Meet with **missionaries** from your region as needed *(CCC Supported and/or potential new)*
Because of the importance and infrequency of our team meetings, a firm commitment to attendance and promptness at every prayer/team meeting is paramount to our effectiveness. Childcare is not able to be provided.

Technology *(Still being constructed)*

1. **Determine the elements that the Technology portfolio(s) should include**
        A) Establish and maintain a **Facebook** presence
        B) Consider the appropriate use of the **web** (CCC Global and/or by Region
        C) Consider the creation of an **iPad/Android interactive app**
        D) Working with the church's Media Director by planning **videos** and acquiring content
        E) Compare functionality and determine priority and timeline
        F) Roles: A general person? Or Regional help?

2. **Facebook**
        A) Send notifications
        B) Post videos
        C) Photo albums

3. **Website(s)**
        A) Missions Information
        B) Online trip sign up
        C) Lunch Registration (Pay Pal?)
        D) App interactive?

4. **Pad/Android interactive app**
        A) Interactive prayer
        B) Newsletter and Prayer notifications
        C) Web based??

5. **Video**
        A) Trips
        B) Missions Central
        C) Sunday Announcements
        D) Testimony interviews
        E) Faith Promise Testimonies (around the world?)
        F) Training Videos
